

\*A Farewell to Your Breasts\*

As I look at you standing there naked, only wearing the light of the moon that is kissing your body through the window... I find myself in awe of your beauty. Your outline, your silhouette, it is that in which Goddesses are made. Your hair falls onto your shoulders, wrapping around your face. Your neck, that long beautiful neck that pulls me in to bite and suck on it, just as gravity pulls on the moon above. Your hands are dropped by your sides. The palms of your hands facing towards me. Your breasts staring at me, while those amazing nipples are pointing my way... I stand and take in the view, soaking it up and appreciating every moment of it.

I break my stare and glance slowly down your stomach. Looking at every muscle on the way down. Past your sexy belly button. Past those pronounced hips. Down to your pubic hair. Along your thighs to your calves and onto your feet... It's such a beautiful sight to see.

As I look upon your beauty, you are doing the same to me. I stand before you naked. A little further in the room and the moon does not have as much light shining on me. You stare for what seems eternity into my eyes. We look upon each other with such admiration and love. Your eyes start to fall downward towards my neck, as you see my pulse pumping blood through my veins... Your eyes shift lower towards my chest... First you look at the hair. Then you take in the muscles, imagining them on top of you, as I am pumping away inside of you... Your eyes drop further as you move them across my stomach towards my groin... You then see something familiar to you... an old friend waiting to say hello... Here you stare at my cock and balls, thinking about what they will be doing to you in just a few moments time...

5:50pm Tommy: I need you, too. And don't worry, you have me, whether you stole my heart through witchcraft 🧙 or I willingly gave it to you, it is all yours ❤️

5:51pm Maxi: Oooh, I just saw the photo!! 😊

5:51pm Tommy: This is what I look like wearing those non-sexy underwear 😂

5:52pm Maxi: **Grrrrr... not unsexy at all!**

5:53pm Tommy: You will love our story of tonight.

5:55pm Tommy: Would you like me send the rest now?

5:56pm Maxi: **Sigh big time. All of inside my belly and further down starts turning. It's when I start getting excited... Perhaps it's the female version of erection, mixed with butterflies** 🦋

5:56pm Maxi: But anyway 😊

5:57pm Maxi: Yes, I will read your other messages as well! 🙋

5:58pm Tommy: I will continue...

5:58pm Tommy: You smile and turn around, so I can admire your backside, as well. This time, I work my way upward from your feet, past those calves, up your legs to your picturesque ass... Again, I am frozen ... frozen with delight, as I stare at those cheeks.

My thoughts are running wild, and I continue along the journey from the small of your back, up your spine taking in these muscles, too... I reach the back of your neck and cannot help myself... I step forward, place my hands around onto your breasts... I start fondling them, caressing them in my hands, as I bite down on the back of your neck. Those sensitive nipples were already erect. Now I have them between my fingers, rolling them back & forth, as I pinch down now and again. I start sucking on your neck drawing your blood to the surface.

You can feel my erection starting to crawl up the back of your legs and settle on the outside of your cheek. As I fondle your breasts and nipples, you reach behind and begin to stroke my cock with your hands. Each moment that passes, your nipples become more sensitive and more erect. Your nipples are doing to my hands, what my cock does to your pussy... Pure joy, as they roll around inside of my grip. You are busy taking long, slow strokes from the base of my cock up to the tip.

As I let go of my bite, I realize I have left my teeth imprinted on the side of your neck... Seeing that, I do not want you to walk around lopsided, so I lunge my teeth into the other side to leave an identical mark. One hand slips down your belly, as my fingers begin to rub your clit around & around and up & down, around & around and up & down... You become noticeably wetter, I continue sucking and slip three fingers inside that delicious pussy of yours. Then I clamp down with my teeth, once again.

My fingers are swirling around inside of you, as they motion in & out, in & out, in & out. They swirl around creating a sucking motion and a sound that makes us both happy. We can start to smell your excitement & aroma. You can feel a bit of excitement juice dripping from the head of my cock as you tease me, rubbing the hole and using the juice as lubricant. You continue to stroke your hand over my cock up & down, you squeeze and release as you move up & down, dropping down every so often on to my balls, giving them a quick hello and a bit of lovin'.

As I continue to fondle your breasts one-handed, twirling my fingers around inside of your pussy, you guide my cock towards your ass and start rubbing it up & down, up & down, up & down. It slides just inside your cheeks... My cock is very excited, releasing more juice and the sliding becomes easier and easier...

6:01pm Maxi: I will enjoy this & say good night before reading. Have a wonderful evening and a great night – with sweet, sweet dreams. I'm sure you will feel me!!

6:02pm Tommy: I will feel you and more importantly you will feel me! Goodnight,  
My Maxi, My Love~ 🤗🥰🌀🌟💥❤️❤️❤️🔥🥰🤗🥰🥰🥰🥰

6:02pm Tommy: I spin you around and begin to kiss you... Gently at first, although I want to attack your mouth and body... I am being patient. Our lips meet, we gently

suck each other's lips, pulling, sucking, biting... Our tongues wrestle each other, and we begin to become more passionate, as our hands are still masturbating each other... My fingers are twirling deeper inside of you, as you are spreading your legs further apart and rubbing my cock along your lips and clit... It is maddening how much we turn each other on and how foreplay feels so much like intercourse... I can't help, but utter that I love you a few thousand times... You are saying something, but I can't quite make out what it is you are saying... Maybe you can remember... and will tell me later.

Tonight, I want to take charge. I walk you backwards as I press you tight up against the wall and scoop up one leg, as you guide my cock between your legs and into your pussy. It is always so warm, wet and ready for me that I love the sensation of entering you. That is why sometimes I take it out, just to put it back in again... With my erection fully inside of you, hitting the bottom, I lean down and start sucking on your nipples one by one. At times, placing your entire breast inside of my mouth, twirling my tongue around like I was licking an ice cream cone. I love these breasts, your nipples, the taste of your skin, the warmth, wetness and aroma of your pussy. I love everything about you.

I start to draw my cock back and then slowly push it forward deep inside of you. Then back again, as the head rubs the walls of your vagina on the way outward and pushes against them on the way back down inside. Back & forth, in & out, back & forth, in & out, my cock is being sucked by the lips and walls of your pussy and is in absolute heaven.

You are continuing to moan and your breathing is getting heavier. I reach down and pick up your other leg, wrapping it around my hips, as I begin to fuck you a little bit faster, a little bit deeper & a little bit harder. We begin kissing at the tempo of our thrusts. We begin to thrust our pelvises faster & faster. Our kisses get more & more passionate, wetter & wild. Our kisses begin mimicking your pussy's reaction to my cock going in & out, in & out, in & out... It's intense and I want more.

I pull you off of the wall and allow your torso to fall backwards, as you wrap your hands around my neck holding on. I reach around grabbing your cheeks, as I bounce you up & down on my cock. Up & down, up & down and up & down you go... With each bounce, you are getting me wetter and wetter from your juices, as you slap down into my groin... My hands are squeezing your cheeks as you come down and begin to grind on me. I lean down and start sucking your breasts, as your nipples tease my tongue, and my tongue teases them. With each grind, I nibble at your nipple, and you flinch your muscles. You press down & grind and I nibble. The more you grind, the more I nibble. My fingers start to move in between your cheeks, as I start to play with your rear Goodie... Just rubbing it gently around & around, around & around and around & around. Just enough for you to remember that I enjoy it and to keep you interested in the experience...

6:02pm Maxi: 

6:03pm Tommy: I look to my right and toss us onto the bed. I drag you to the edge of the mattress, pull your legs straight up in the air and start pumping my cock inside of you... In... in further... then back outward and in & out, in & out, in & out... My balls are slapping against your rear Goodie with each pump they slap, slap and slap again.

Now I pull my cock slowly outward... teasing along the way, as I sit at the edge of your lips and start to swirl around & around... Then I pull it all the way out, as I fling you further onto the bed and dive my face down with my mouth engulfing your pussy... I start by licking, then sucking, then biting. With each lick, with each suck, with each bite, I taste and smell your aroma and I want back inside... I crawl up your body, stopping to suck on your breasts, once again, as I bite down on your nipple and twirl my tongue around it, flicking it and nibbling away.

I kiss up to your neck, onto your chin and finally our mouths meet, again... I place my cock just outside of your pussy. You grab the back of my head and pull me into your mouth. My cock slides between your pussy... You are doing all of the fucking now, pushing your hips upwards, swallowing my cock... Your tongue is soft like silk, but full of excitement and hard with passion. You are pushing upward faster & faster and faster & faster, as I start pushing into you and slamming into that lovely little spot hidden at the bottom of your pussy...

We are racing to cum with each other and both of us want it to happen together. I want to fill you with my cum, so that tomorrow, you take me with you and I will have you on me. We pump & thrust and pump & thrust and pump & thrust, as both of our stomach muscles begin to spasm and flex... We keep pumping & thrusting and now we are holding our breath. We both let out a large moan, begin quivering and cumming, while we are still pumping away... The cum seems not to stop, as I fill your hole and my cock is swimming in our juices...

I can't help telling you that I love you, again... It just flows off of my tongue and falls into your ears, down to your heart and into your soul... I love you... I love you... I love you...
